Remarks

Nestled in a highly sought-after area just steps from premier shopping, dining, parks and schools, this stunning 1.5-story home is a true showcase of creative vision and architectural detail. Designed and built by Renew Design Build, every aspect has been thoughtfully considered from the well-curated palette of colors to the brick accents that lend a timeless, storybook charm. Inside, soaring 10-foot ceilings on the main level and oversized windows flood the home with natural light. Beautifully arched openings throughout the home evoke a sense of nostalgia and warmth, adding a touch of vintage elegance reminiscent of early 20th-century design. The kitchen features a spacious layout, walk-in pantry and butlery and is open to the great room & screen porch...BOTH with fireplaces. The main level also features a luxurious primary suite. Upstairs, you'll find three generously sized bedrooms, each with its own en-suite bath and walk-in closet, along with a second laundry area and a versatile loft space. The fully finished lower level offers even more living space, including a fifth bedroom, full bathroom, and large recreational area. A rare blend of thoughtful design, luxury finishes, and unbeatable location this home is the one you've been waiting for and now is the perfect time to personalize.
